Bluff Park Neighborhood Association

BPNA's mission is to protect, promote and educate on the character and integrity of the Bluff Park Historic District and to foster a sense of neighborhood collaboration, unity, civic engagement, and goodwill. Celebrating more than 45 years as an association and 35 years with historic landmark status, BPNA holds meetings and events that focus on community-building, public safety, and education for all who visit and live, own and rent in the neighborhood and its surroundings in the city of Long Beach.

Get involved. Become a member. Volunteer. Meet your neighbors. Make new friends.
Support your association in all its worthy endeavors!

Bluff Park Historic Lamppost Project

Lampposts create a sense of charm and nostalgia for communities all over the world. Ours are uniquely iconic. The vision of BPNA's *Historic Lamppost Project*, is to remove the uncharacteristic 'cobra' street lights in the Bluff Park Historic District and replace them with replicas matching the look and pattern of the ornamental 1920's lampposts that currently exist only along East 1st Street.

The Pilot Phase along Paloma Avenue has been funded, and today we raise funds for the second phase along Temple Avenue! Thanks to scores of donors, Councilwoman Suzie Price and Mayor Robert Garcia. Once the first phase is installed, excitement and momentum will build for the future phases throughout the District.

Thank you for your support and participation at today's cruise-inspired benefit. We hope you had fun!
Please come aboard again!
